Institute Innovation Council

About IIC

The Ministry of Human Resource Development (MHRD) established the Institute Innovation Council (IIC) to foster an innovation culture within academic institutions. In line with this initiative, Gayatri Vidya Parishad College of Engineering for Women (GVPCEW) established its IIC in 2019.

The council provides a structured framework to nurture and support students innovative ideas by offering access to resources, mentorship and networking opportunities with industry experts. Additionally, the council facilitates exposure to real world problems, encouraging students to develop viable solutions, thereby bridging the gap between theoretical knowledge and practical application.
