How well were the teachers able to communicate?

 Copy

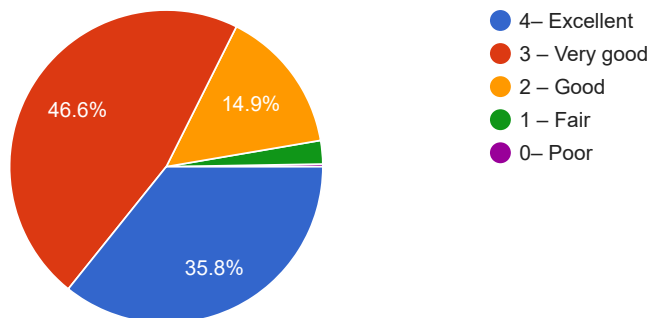

744 responses

The teacher's approach to teaching can best be described as

 Copy

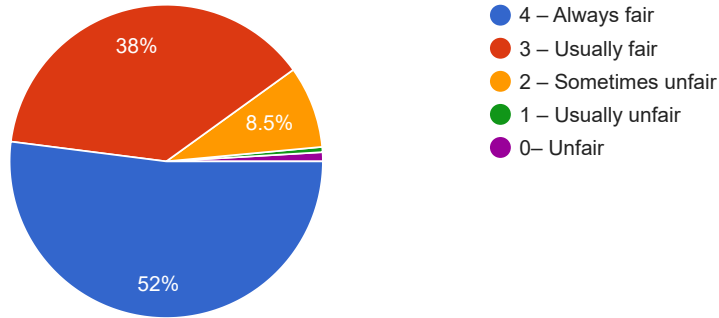

744 responses

Fairness of the internal evaluation process by the teachers.

 Copy

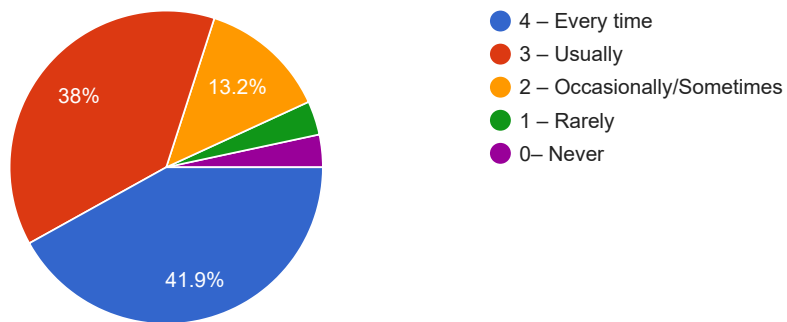

744 responses

Was your performance in assignments discussed with you?

 Copy

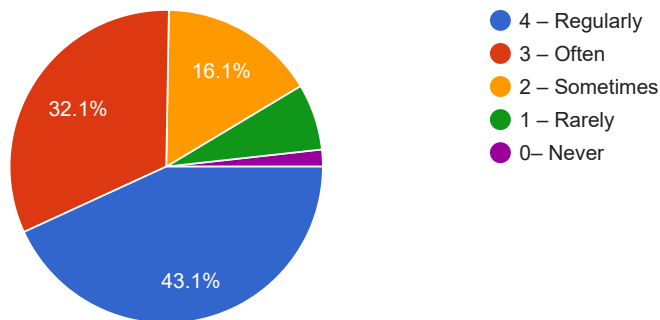

744 responses

The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

 Copy

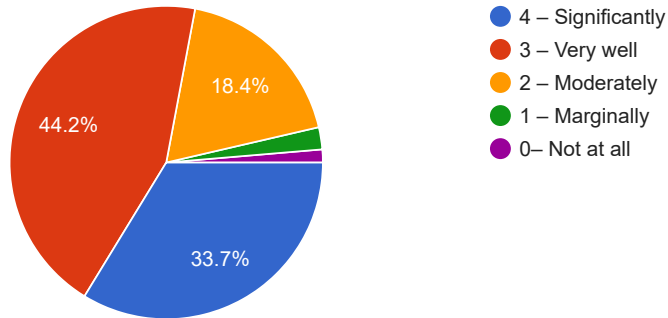

744 responses

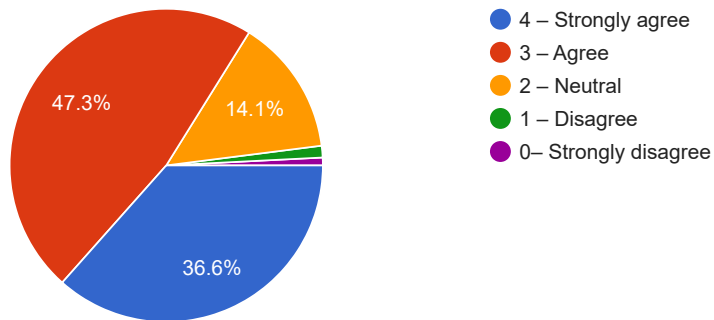

The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

744 responses

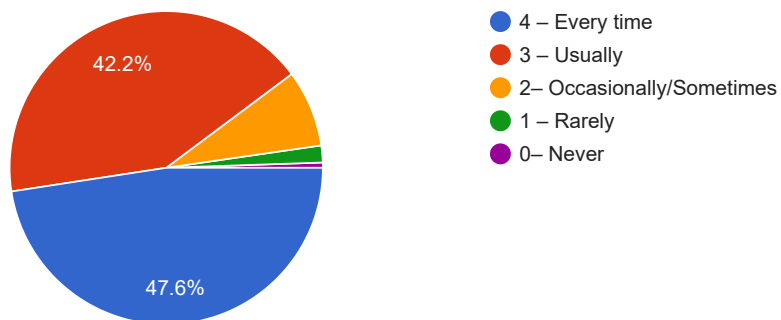

The institution provides multiple opportunities to learn and grow.

744 responses

Teachers inform you about your expected competencies, course outcomes and programme outcomes.

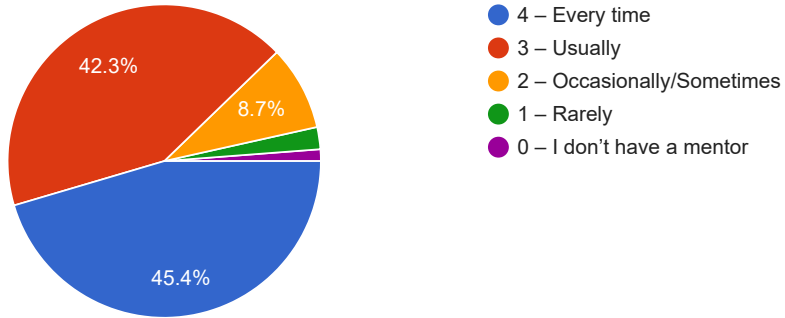

744 responses

Your mentor does a necessary follow-up with an assigned task to you.

 Copy

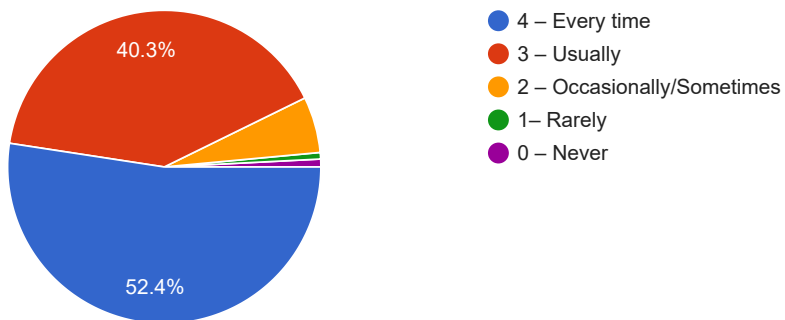

744 responses

The teachers illustrate the concepts through examples and applications.

 Copy

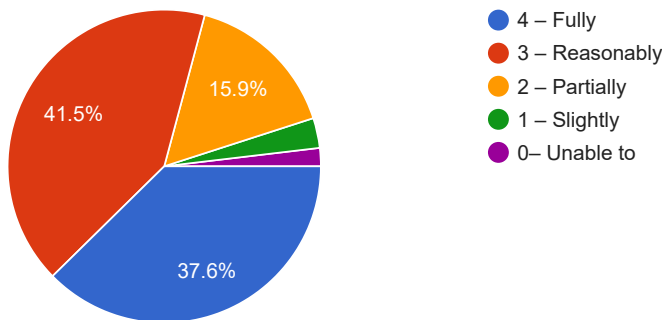

744 responses

The teachers identify your strengths and encourage you with providing right level of challenges.

 Copy

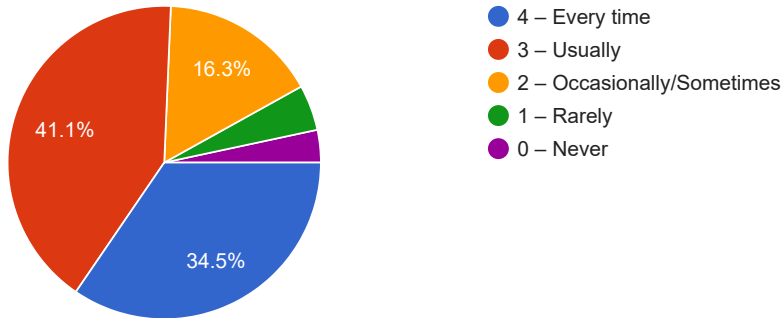

744 responses

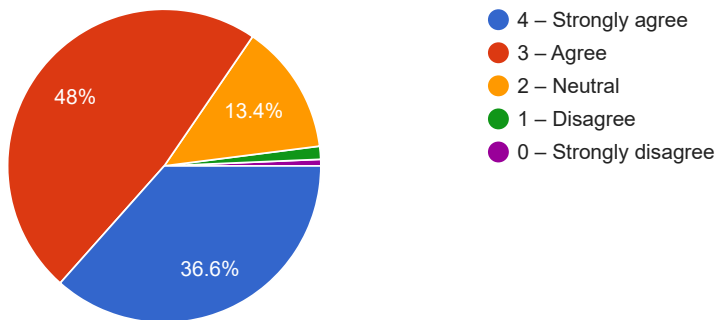

Teachers are able to identify your weaknesses and help you to overcome them.

744 responses

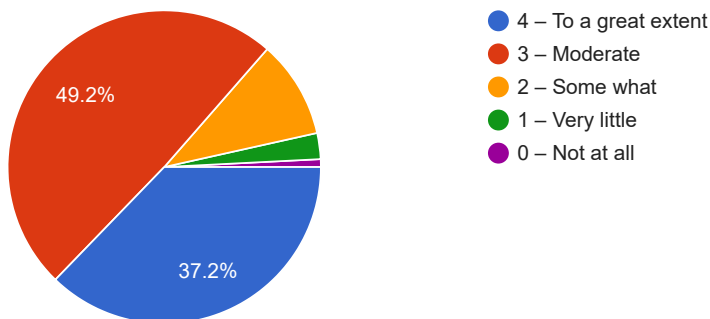

The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

744 responses

The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

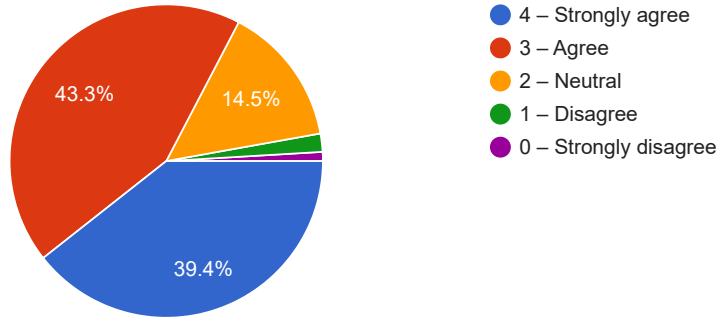

744 responses

Teachers encourage you to participate in extracurricular activities.

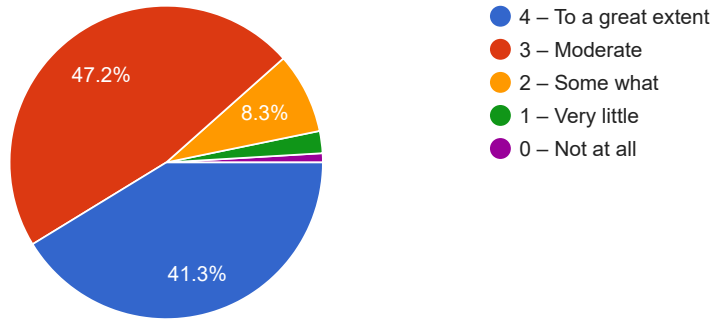

744 responses

Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

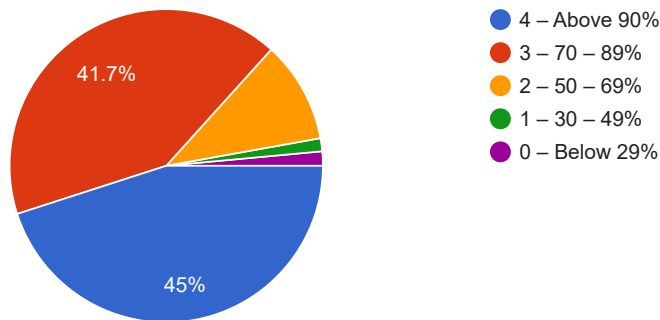

744 responses

What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

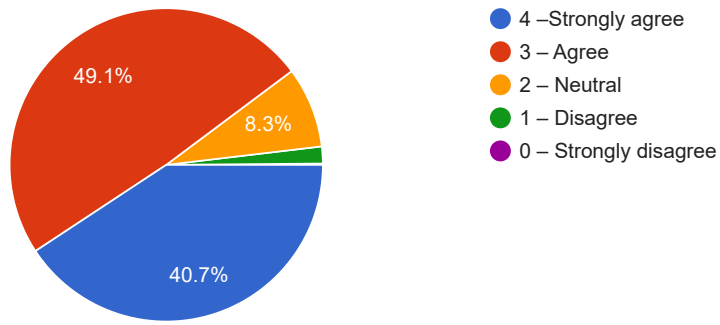

744 responses

The overall quality of teaching-learning process in your institute is very good.

 Copy

744 responses

Give observations / suggestions to improve the overall teaching – learning experience in your institution.

nothing

no suggestions

--

Everything is fine

Everything is fine

Bring best companies for placement(basic hope for a student) and internally the skill development is needed (includes all the training that has to be done in the college must be done).

...

Every thing is good

Everything is good

Kindly give more project and real time problem to solve.

Courses can be more research oriented.

New technology monthly updates can be given.

NOTHING

.

Nice

Nothing to give

Very good

Yes

Ntg

Overall good

N/A

Nil

Well teaching

No more suggestions

Well teach

Satisfactory

Nill

Teach extra skills like animation,graphic designing and clubs which include developing these skills with competitions of such.

none

Nothing, everything is good

It's all good

They are already teaching well

The teachers need to explain the concepts of their own accords

It's good

I hopes everything goes well . And extra guidance will be helpful out of the syllabus regarding current technology.. etc

It's all okaie

More applications of todays life

To be improve

To focus on the interview point of view

Improve everything

Teaching with practicality and using examples

GOOD

The institute can provide internships to the students.

Using only projectors leads us very poor education

Some of the faculty use mainly projectors which lead some of us do not understand some of the concepts.

We need more practical teaching than visual teaching. Internship opportunities should also increase

Give more information about internships

Lateral entry students has so many doubts about in mathematics in 2nd year 2-1 semester, please explain briefly for lateral entry students. lateral entry students has came from different branches in diploma so that students has difficult to learn that branch subjects in btech

Need to use board instead of scrolling the slides

Overall Learning experience is good

I have observed a great dedication in teaching by my faculty

satisfactory

Good learning

Teacher's should be more friendly with students

I am very well satisfied with the teaching-learning process.

Its best for institution teachers to show more empathy to students

The lesson should be explained in practical way

Internal marks should be given perfectly without any partiality

Make teaching a two way interaction

It would be very good if all teachers give Proper notes/ppts

Give hands on practice type knowledge on problems

All are good

,

It is good to learn physical activities

The teaching staff is excellent.

Nothing to suggest

creative learning techniques like workshops, seminars technical debates should be implemented.

I hope this teaching will continue

They encourage students well

To treat equally

Utilize the latest technologies.....

teachers are very good

Everything is good.

Institution provides good teaching

Nice teaching faculties

Interaction with students is important

Must change the point of view of engineering, have to realize that engineering is not just limited to books, there's a lot beyond that. Additional encouragement has to be promoted in extra curricular activities.

More interaction between students and teachers.

They can improve well

It's better to use text book in place of projector

Teachers should be more interactive with students, They should be more friendly like parents then students will open up and have more ease to discuss their problems with them.

More examples needed

Communicate and interact with all the students and know how they are understanding..but not only with some

Satisfied with faculty lectures

Teachers can explain better with live examples

Provide opportunities for students to get a job and bring the companies to the college by discussing with them and make some arrangements for the job opportunities for the 2024 passout batch
