

Report on UI Developer Course

ICT Academy in association with Infosys Foundation organized "Infosys Foundation – Finishing School for Employability" for students pursuing their final year of engineering, arts, and science across India, by establishing the 'Centre of Excellence for Women and Youth Empowerment'

Students have been trained on UI Developer Course. The training is on Advanced IT Skills – 100 hrs of which 80 hrs is for technical training and 20 hrs is for soft skills.

A brief report on UI Developer Training

A comprehensive training program for aspiring UI developers, structured into various modules and stages .

The Technical skills training part of the initiative has been conducted at the Gayatri Vidya Parishad College of Engineering for Women from October 16th to October 29th 2024. The trainer of this program Mr.Gulshan Sharma trained the students on enhancing UI skills that are essential for employability. A series of lectures, discussions, and hands-on sessions are conducted to students to facilitate learning process. Each topic is designed to engage participants actively, allowing them to apply concepts in practical scenarios.

Overview of the modules:

1. **HTML & CSS:** This module covers the fundamentals of web programming, including HTML basics, formatting tags, grouping elements, lists, images, hyperlinks, and tables. It introduced CSS2, focusing on syntax, selectors, color backgrounds, text fonts, and the box model.
2. **UI & UX Design:** Participants has trained on UI/UX principles, including UX research, data analysis, design strategy, and the use of design tools. The module emphasizes wire framing, prototyping, and understanding UX psychology .
3. **JavaScript and React:** This training included an introduction to JavaScript, covering data types, variables, operators, statements, functions, and objects. This foundational knowledge is crucial for developing interactive web applications.
4. **Finishing School for Employability:** This initiative has been supported by the Infosys Foundation to enhance employability skills among participants, so that they would be ready for employment opportunities upon completion of the program.

formative assessments are conducted to evaluate participants' understanding and retention of the material covered in each stage, ensuring a robust learning experience.

Overall the UI Developer training emphasized a structured approach to learning essential web development skills.

A brief report on Soft Skills Training

The soft skills training part of the initiative has been conducted at the Gayatri Vidya Parishad College of Engineering for Women from November 4 to November 6, 2024. Mr. Bodhisattwa Kundu, the trainer of this program has focused on enhancing soft skills that are essential for employability.

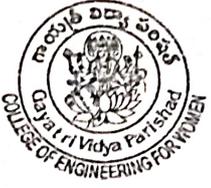

The curriculum has various modules aimed at developing communication skills, such as an introduction to body language and English grammar. Activities like elevator pitch presentations and group skits are incorporated to provide practical experience in public speaking and teamwork.

Additionally, the program has covered critical topics such as goal setting, decision-making processes, and time management, utilizing methodologies like the Eisenhower Matrix and Gantt Chart. The final assessment evaluated the soft skills acquired by the students throughout the training program.
