Library Orientation Programme

Central Library organizes orientation programme for the benefit of new students in the beginning of academic year. The primary objective of this program was to familiarize fresher's with the library's resources, facilities, services, and rules. The orientation aimed to help new students understand how to effectively use the library for academic research and personal study. Librarian and Library staff guides the users who seeks to know more about library resources and service or to learn how to use a particular resource like OPAC, e- journals, databases, remote access to the information etc... Library also provides content alert service, the content pages of subscribed journals are circulated to students and faculty. The motive was to mak the library users aware about latest resources added to the library and hhow to make effective use of it.

NDLI CLUB

National Digital Library of India (NDLI) is a Ministry of Education initiative. It is under the National Mission of Education through Information Communication Technology and a part of the Digital India Project of the Government of India. It is being executed by the Indian Institute of Technology, Kharagpur.

As a part of NDLI, the college is registered to NDLI Club (National Digital Library of India) on 02/05/2023. The objective of the club is to create an online platform for conducting learning-oriented activities and evangelizing NDLI. A user awareness program was conducted on 02/05/2025 to promote a culture of reading and learning using vast NDLI resources. Students can enhance their core competence, sharpen their skills, and develop personality traits.

The certificate features a background of a geometric network pattern. At the top left, it displays the logos of the Ministry of Education and IIT Kharagpur. At the top right is the NDLI logo. The central text reads 'NDLI Club' with a laurel wreath. Below this, it states 'This CERTIFICATE OF REGISTRATION is issued to' followed by the college name. A box on the right contains registration details. At the bottom left, there is a signature and the name of the Librarian.

DSPACE Software

DSPACE is an open source digital repository software package used for creating open access repositories for scholarly and published digital content. The library is using DSpace7 software to ingest documents, audio, video materials of the institution's publications. The digital library software works with the web server and the operating system in providing various digital library functionalities including creation, organization and maintenance, indexing, search and retrieval. In our institution, the DSPACE software is used for storing scholarly contributions of student project reports and providing access to the materials campus-wide.
